— OUR EXPERTISE & EXPERIENCE

We Deliver Premium Security Solutions at Best Price

01

Concierge Security Services

Capra Group for Property Care provides concierge security officers — a special breed of professionals who provide both security and hospitality services. The officers are responsible for delivering a high level of customer service for guests of whatever facility they are stationed at, while also providing protection for the occupants of the building and safeguarding the property. Your office building, apartment building or otherwise is in good hands with the assistance of a highly trained & SIRA-certified concierge / front desk security officer.

02

Hospitality Sector Security

Capra Group for Property Care employees are chosen to reflect a professional image, while being the "eyes and ears" of the property. Our Hospitality Sector Security Guard Services are based on our "customer partnership" philosophy and our ability to tailor a courtesy officer or front desk services program to fit the specific building security needs of our customers' properties. We extend the functionality of your in-house building services team. To clarify, we are NOT the typical "security guards" — we are much more than that, with our qualified and certified staff.

SECTOR SECURITY

Protection Built **Around Your Sector**

Financial Sector Security

03

Capra Group for Property Care is the only security service you need. Our officers possess highly specific knowledge of financial institution security requirements, locate potential holes in the system and determine a plan that follows institution guidelines. Banks and credit unions work with large sums of physical money every day, and they are open to the public, which makes them susceptible to a number of serious threats. So our company provides experienced, certified & qualified bank security guards to make it safe & secure.

Industrial Sector Security

04

Capra Group for Property Care provides industrial sector security to resolve conflicts among workers, to prevent unauthorized individuals from accessing the construction site, to prevent vandalism and intentional damage, and to prevent and mitigate emergencies. To create the safest and most secure environment, we combine highly trained security officers with a management team focused on delivering a safety program — because safety and security are key concerns for any industrial business.

Events Security Services

05

Capra Group for Property Care is ready for event security. Whether you need to protect an exhibit or keep things under control at a rock concert — from weddings to sporting events, fairs and festivals to dances and parties, conventions to concerts — whatever the needs of your event, you need a security plan designed just for that event.

CARE BEYOND SECURITY

Safe Spaces, Every Day

06

Educational Sector Security

Capra Group for Property Care provides services at educational institutes to assist in providing a safe and secure environment for students, staff, and visitors. To accomplish this, our Security Services continue to raise the professionalism of our staff through training and education.

07

Health Care Sector Security

Capra Group for Property Care provides specialized healthcare security services for hospitals, clinics, and the health care community. Our officers are thoroughly trained to protect not only the clinical facilities but also staff, patients and visitors.

08

Life Guard Services

Capra Group provides professional & certified lifeguards for swimming pools at residential and commercial apartments and for beach resorts. Well-trained, pro-active lifeguards in presentable uniform, with complete lifesaving equipment, keep people safe in and around the water.

09

Cleaning Services

Our cleaners are aware of how difficult it is to maintain a clean and orderly environment, whether it be a workspace, a building, a garden, etc. So we offer you well-trained and professional cleaners for your organizations, buildings, apartments, flats, and villas.
